*If they demonstrate the appropriate skills and attitude*, new gymnasts trying out will be placed in Xcel Bronze, Level 1, Level 2, Level 3 or Xcel Silver. In order to advance to higher levels within their program in future seasons, gymnasts must: 1) Master the appropriate skills to allow them to progress to the skills in the next level, 2) Show the proper attitude and mental readiness for the demands of the next level, 3) Maintain strength and conditioning standards in place to ensure all athletes are able to safely perform their skills, and 4) Attain the minimum scores required by both USA Gymnastics & Ingrid's Birmingham Elite Gymnastics in competition.

**Compulsory Program (Levels 1-5):** The Compulsory Program consists of specific routines that the gymnast must learn exactly. USA Gymnastics created the routines with the goal that the gymnasts learn discipline and have a strong gymnastics foundation before advancing to the optional levels. All of the skills in compulsory gymnastics are progressive.

**Xcel Program (Bronze, Silver, Gold, Platinum, Diamond):** The Xcel Program is an alternative USA Gymnastics competitive program offering individual flexibility to coaches and gymnasts. The goal of Xcel is to provide gymnasts of varying abilities and commitment levels the opportunity for a rewarding gymnastics experience.

**Optionals Program (Levels 6+):** The Optionals Program has a set of guidelines, or level requirements, and routines are built around them. Each gymnast has her own music and choreography. Her routine is built to show off her strengths.
